Keep your files private, or send your download links only to friends or family. You don't need any special software installed to be able to download your files. File is free to use with no gotchas and no hidden fees. Any file in any format can be uploaded and downloaded for free. It is also allowed to link to the download page from websites and communities. Using file, you can circumvent those limits without paying to upgrade your team chat service. So try our free and simple filehosting service now. Simply upload your file and share the link. You can upload any type of file (movies, music, documents, images, zip files and more). Alternatively you can choose to share your download links on blogs, forums and social networking sites.
