Maybe even better than free.

File is free to use with no gotchas and no hidden fees. No account or credit card is required to get started. It is also allowed to link to the download page from websites and communities. Any file in any format can be uploaded and downloaded for free. filehosting provides an easy possibility for you to send large filesto your friends. Unfortunately, we can't make that part free. When you use file, you avoid storing the file you're sending in your cloud storage or mail server.Keep your files private, or send your download links only to friends or family. Your wallet will be none-the-lighter! Just so we're all 100% clear here: Whenyou share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Why pay storage feesfor a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within theirapps. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. This is easy, fast andreliable filehosting! You don't need any kind of premium-accounts. Alternatively you can choose to share your download links on blogs, forums and socialnetworking sites. You can give this download link to your friends by mail or instant messenger. Files can be downloaded from any computer from our highspeed servers. Using file, you can circumvent those limits without paying to upgrade your team chat service. So try our free and simple filehosting service now.You decide who you want to share your files with. Just upload the file you want to share with your friends and we send you a download link to your file. Ourservice is completely free for everyone. Simply upload your file and share the link. There are no restrictions on the number of times a file can be downloaded.We have no file size limit. The cost of that data transfer is covered by your internet service or the data plan on your phone. You can upload any type of file(movies, music, documents, images, zip files and more). You don't need any special software installed to be able to download your files. If only we could, wesurely would! On the other hand, using file can actually save you money.
